

Local public radio may face a crisis soon so we need your support more than ever. ^{the} Minnesota ~~legislators~~ ^{Governor} have proposed cutting funding to public radio removing the government's investment in what we offer. That leaves it up to you, the individual, to support us. If you value public radio as an important service that you use, and you're listening, so we think you do, then pledge your support now. Call 389-5678 or 1-800-456-7810.
